Borough Council
Borough of Ellwood City

Independent Auditor's Report

Report on Financial Statements

I have audited the accompanying basic financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Ellwood City, Lawrence County, Pennsylvania as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

i

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Ellwood City, Lawrence County, Pennsylvania as of December 31, 2018 and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, the Borough adopted new accounting guidance GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". My opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages iv-xxi and the additional required supplementary information on pages 69-76, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Borough of Ellwood City's basic financial statements. The supplementary information (Schedules 1 through 10) is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Supplementary Information (Continued)

The supplementary information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records use to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Mark C. Turnley, CPA

May 24, 2019 New Brighton, Pennsylvania

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

INTRODUCTION

This discussion and analysis of the Borough of Ellwood City's financial performance provides an overall review of the Borough's financial activities for the year ended December 31, 2018. The intent of Management's Discussion and Analysis (MD&A) is to provide readers with an appreciation for the financial status of the Borough, the challenges faced and accomplishments achieved. The reader should also review the basic financial statements and notes to the basic financial statements to enhance their understanding of the Borough's financial performance.

The Management Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD& A.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2018 are as follows:

- The Borough's governmental activities net position decreased \$4,423,841 in 2018 to a deficit of \$801,465. The majority of the deficit is related to the Borough's required implementation of Governmental Accounting Standards Board (GASB) Statement No. 75 'Accounting and Financial Reporting for Postemployment Benefits other than Pensions', which reduced net position by \$3,363,034.
- The Borough's Business-Type Activities (Sewer and Electric) net position decreased from \$8,414,678 at December 31, 2017 to \$3,076,465 at December 31, 2018. Although the business-type activities showed a \$57,165 excess of revenues over expenses for calendar year 2018, the main reason for the decline in net position was the restatement of the capital assets by \$5,395,378 based on the results of an outside appraisal of the Borough's capital assets for its business-type activities.
- The Borough's General Fund Balance decreased \$12,173 in calendar year 2018 to a total of \$2,819,366 at December 31, 2018. This represents a minimal decrease of .4%.

REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

USING THE ANNUAL FINANCIAL REPORT (GASB 34)

The Annual Financial Report consists of the Management Discussion and Analysis (this section) and a series of financial statements and notes to those statements. These statements are organized so that the reader can understand the Borough of Ellwood City as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The first two statements are government-wide financial statements – the Statement of Net Position and the Statement of Activities. These provide both long-term and short-term information about the Borough's overall financial status.

The remaining statements are fund financial statements that focus on individual parts of the Borough's operations in more detail than the government-wide statements. The governmental funds statements tell how general Borough services were financed in the short term as well as what remains for future spending. Fiduciary fund statements provide information about financial relationships where the Borough acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong. The police, fire, and municipal pension funds comprise the Borough's fiduciary funds.

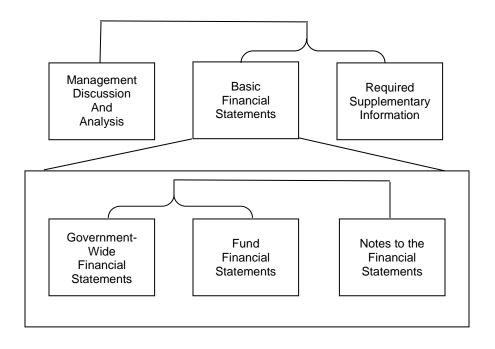

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. In addition, supplementary information is provided in the form of Schedules to provide greater detail regarding the financial results of all of the Borough's individual funds. The report concludes with additional required supplementary information (RSI) related to the Borough's pension and other postemployment benefit plans.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

OVERVIEW OF FINANCIAL STATEMENTS

GOVERNMENT-WIDE STATEMENTS

The government-wide statements report information about the Borough as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Borough's net position and how they have changed. Net position, the difference between the Borough's assets and liabilities, are one way to measure the Borough's financial health. Over time, increases or decreases in the Borough's net position is an indication of whether its financial health is improving or deteriorating, respectively. To assess the overall health of the Borough, you need to consider additional non-financial factors, such as changes in the Borough's property tax base and the condition of the Borough's infrastructure (roads and sewers).

The government-wide financial statements of the Borough consist of the following category:

- Governmental activities All of the Borough's basic services are included here, such as general administration, public safety and public works. Property and Act 511 taxes and state grants finance most of these activities.
- Business-type activities The Borough operates a sewer fund and electric fund and charges user fees to cover the costs of operating both operations.

FUND FINANCIAL STATEMENTS

The Borough's fund financial statements, which begin on Page 3, provide detailed information about the most significant funds – not the Borough as a whole. The general and highway aid funds are required by state law.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

FUND FINANCIAL STATEMENTS (Continued)

Governmental Funds – Most of the Borough's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Borough's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the Borough's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

<u>Fiduciary Funds</u> – The Borough is the trustee, or fiduciary, for the police, fire, and municipal pension funds. All of the Borough's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position on Pages 11 and 12. We exclude these activities from the Borough's other financial statements because the Borough cannot use these assets to finance its operations.

<u>Enterprise Funds</u> – The Borough operates a sewer fund and electric fund for the benefit of the general public. The financial position of these funds, and the results of operations can be found on pages 8 and 9, as well as Schedules 7 through 10.

FINANCIAL ANALYSIS OF THE BOROUGH AS A WHOLE

The Borough has presented its financial statements using the reporting model required by Government Accounting Standards Board Statement No. 34 (GASB Statement #34), "Basic Financial Statements and Management's Discussion and Analysis (MD&A) for State and Local Governments for several years. Comparative information from the prior year is shown as reflected below.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

FINANCIAL ANALYSIS OF THE BOROUGH AS A WHOLE (Continued)

The Borough's net position on December 31, 2018 and 2017 is presented below:

Table A-1

Summary of Statement of Net Position Year Ended December 31, 2018 and 2017

		DI	ECEN	MBER 31, 2018			-MEMO-
	GO\	/ERNMENTAL	BUS	SINESS-TYPE	2018		2017
	-	ACTIVITIES	P	ACTIVITIES	TOTAL		TOTAL

TOTAL ASSETS AND						•	
DEFERRED OUTFLOWS	\$	16,141,120	\$	18,738,334	\$ 34,879,454	\$	39,912,655
		_					
Current and Other Liabilities		449,104		1,625,620	2,074,724		2,048,730
Noncurrent Liabilities		15,917,534		14,036,249	29,953,783		25,209,546
Deferred Inflows		575,947			575,947		617,325
TOTAL LIABILITIES AND							
DEFERRED INFLOWS	\$	16,942,585	\$	15,661,869	\$ 32,604,454	\$	27,875,601
		_					
Net Investment in							
Capital Assets	\$	(401,102)	\$	(3,038,342)	\$ (3,439,444)	\$	7,766,061
Unrestricted/Restricted		(400,363)		6,114,807	5,714,444		4,270,993
TOTAL NET POSITION	\$	(801,465)	\$	3,076,465	\$ 2,275,000	\$	12,037,054

The decrease in current assets is mainly attributable to a decrease in cash and investments of approximately \$1,844,000 for capital improvements to the Borough's electric department facilities from the proceeds of the Borough's General Obligation Bonds Series of 2017. The decrease in capital assets and net investment in capital assets is the result of updated information reflected in the Borough's most recent industrial appraisal of its fixed asset portfolio. Deferred outflows increased based on updated results provided by the Borough's pension actuary regarding the calculation of its overall net pension liabilities. The increase in noncurrent liabilities is mainly the result of the Borough's implementation of GASB Statement No. 75 as previously mentioned related to the valuation of its postemployment benefits obligation as of December 31, 2018.

REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

FINANCIAL ANALYSIS OF THE BOROUGH AS A WHOLE (Continued)

The results of this year's operations as a whole are reported in the Statement of Activities on Page 2. All expenses are reported in the first column. Specific charges, grants, revenues and subsidies that directly relate to specific expense categories are represented to determine the final amount of the Borough's activities that are supported by other general revenues. The largest general revenues are local taxes assessed to and derived from community taxpayers.

Table A-2 takes the information from the Statement of Activities, rearranges it slightly, so you can see our total revenues, expenses, and change to the net position for 2018 and 2017.

FINANCIAL ANALYSIS OF THE BOROUGH AS A WHOLE (Continued)

Total governmental activities revenues of \$5,910,891 (which excludes the loss on the disposition of Borough assets) were derived primarily from property taxes representing 38% of the total. Other taxes made up the next largest source of revenue of 16%, followed by operating and capital grants at 9%. Table A-3 reflects the total and net cost of operating each department of the Borough.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At December 31, 2018, the Borough had \$18,142,026 invested in capital assets, including land, infrastructure, buildings, machinery and equipment and vehicles net of depreciation. This amount represents a net decrease (including additions, deletions and depreciation) of \$4,861,801 or approximately 21% from last year. The main reason for the decrease was a restatement of the January 1, 2018 asset value of \$5,702,120 to reflect the results of an updated fixed asset portfolio appraisal from the Industrial Appraisal Company. The Borough had approximately \$2,905,522 in capital additions during the 2018 year which is comprised mainly of \$1,786,558 in construction in progress expenditures for the new public works building, \$90,745 for the Ewing Park Tennis Court Rehabilitation Project, Ellwood City Fire Station Improvements of \$19,498, and sewer operation capital improvements of \$673,611.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

Long Term Debt

On December 31, 2018, the Borough had \$10,255,000 in General Obligations Bonds outstanding, and \$11,339,985 in long-term debt due the Pennsylvania Infrastructure Investment Authority. Details on the Borough's Long-term indebtedness can be found in Note 10 to the financial statements.

Pension Trust Fund

The Borough of Ellwood City has three pension plans – police, fire, and uniform. On December 31, 2018, the assets of the plans were \$11,453,546. During calendar year 2015, the Borough implemented Governmental Accounting Standards Board (GASB) Statements No. 67 and 68. An actuarial valuation of all three plans determined that the net pension obligation for the non-uniform, fire, and police employee pension plans was \$1,970,382, \$426,851 and \$3,216,247 respectively as of December 31, 2018.

Borough Budgets

The established 2018 Budget was the product of the combined efforts of Borough Council, the Department Heads, Administrative and Financial Staff. The interests and concerns of the community were maintained as the primary focal point throughout the preparation process. There were many requirements to be fulfilled such as contractual obligations of the borough to our staff, the fulfillment of state guidelines for permitting requirements, as well as the satisfaction of municipal pension obligations and the existing municipal debt service. The continuation of a high level of municipal services was also an integral part of the annual budget planning process.

The 2018 Budget was comprised of the following: General Fund \$5,562,035.00, Electric Fund \$7,424,049.00, Sewage Fund \$2,248,305.00, Highway Aid Fund \$263,756.00, Recycling Fund \$126,300.00, all totaling \$15,624,445.00. This was an increase of only .42% over the prior year's budget. The Borough's Assessed Valuation for 2018 was recorded at \$253,366,740.00. This was an increase of \$6,619,700. This increase can be mostly attributed to the Ellwood City Medical Center being added to the tax rolls when it was acquired and became a "for profit" entity. The 2018 budget did not include an increase in the millage rate. The practice of utilizing prior year reserves to balance the General Fund was continued in 2018. The amount of reserve utilized was \$423,405.00. This was an increase in use of the reserve in the amount of \$14,439.00 from the prior year's budget. This practice continues to be monitored closely to insure not to negatively impact the fiscal strength of the Borough in the future.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

Borough Budgets (Continued)

As in past years, the amount of \$1,450,000.00 was transferred to the General Fund from the Electric Fund in 2018. This practice has been utilized for many years and did not exceed the 2004 cap imposed by Borough Council of \$1,500,000.00 annually. This transfer is done in order to assist in avoiding increases to real estate taxes, as well as maintain the same level of Borough services and operations. The millage rate in the Borough was able to be kept at 8.75 mills for 2018.

Based upon the information received from the office of the Chief Assessor of Lawrence County, the average residential property within the Borough was assessed at between \$63,000.00 to \$64,000.00. Based upon this information, those property owners would pay between \$500 and \$600 in property tax in 2018. Again, there was no increase in the millage rate from 2017 to 2018.

The 2018 General Fund Budget reflected the ongoing commitment of Borough Council to continue to improve upon existing resources and infrastructure such as roads, storm water management, services and municipal facilities. The costs of government services continue to have an impact on the General Fund budget. The Borough continues to be affected by the costs associated with municipal pension costs, post-retirement obligations and the continual cost increases to health care benefits. As the cost of government grows, our Borough Council has maintained their focus by taking the appropriate steps to continue to provide effective services while minimizing expenses wherever possible.

The plan for continued parks and recreation improvements through available grants and traditional Borough efforts and resources will continue to be pursued in order to beautify our community. The intention is to add attractions that will be a draw for tourism to the local area. This increase in volume of visitors to our community would in turn, provide an economic boost to our local business owners. The Borough continued to provide a community playground program which provides free lunches for all participants. This program is maintained entirely by the Borough. We continued to provide one of two remaining public swimming pools in Lawrence County. This borough amenity services numerous other municipalities in Lawrence as well as Beaver Counties.

The Borough also contributes to our Public Library in the amount of \$26,500 per year in an effort to assist in maintaining this community asset. The Borough also provides funding for other community resources providing recreational outreach, tourism and utility subsidy.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

Borough Budgets (Continued)

The Borough of Ellwood City is comprised of a staff made up of full time and part time employees that are dedicated to maintaining a high level of services to the residents of the community. Each department's focus is to keep the highest level of service while being mindful of monitoring costs to remain within the confines of the annual budget. The costs related to borough staffing is monitored closely each year and is a large part of the fiscal plans.

The Borough of Ellwood City maintains a Police Department that is available 24/7. This asset provides a heightened sense of security for both residents and business owners. The Borough also maintains a police service agreement with the Borough of Ellport that is negotiated as another source of revenue. The Borough's police force is traditionally the first to be called upon to provide assistance to other neighboring police forces and to the state police when they are called in.

The Borough also employs a paid part time Fire Department which means there is fire protection available 24/7. This allows our response time for emergency situations with both fire and health related incidents to be addressed more quickly, helping to preserve both property and life.

The Borough's Public Works Department is available 24/7 with a compliment of twelve (12) full time employees and (2) part time employees. The Electric Department is available 24/7 and is made up of (6) full time employees. The Borough also operates a state of the art Waste Water Treatment Plant with a staff of 5 more employees. There also several employees that will serve the borough in a part time/seasonal capacity each year.

In 2018, Borough Council continued to be committed to making improvements to existing Borough resources. Borough Council authorized a bond issue for the purchase of Capital Equipment and much needed improvements to Borough Infrastructure.

The replacement of the Public Works facility was a much-needed project along with the improvement to aging infrastructure. These improvements have added to the Borough debt service. The Borough debt service increased yearly to \$350,000 or an additional \$290,000 more than the previous debt service. Borough Council continued to be committed to addressing issues in the central business district and other areas requiring improvements in order to bolster the attraction of new businesses to Ellwood City. Efforts continue to focus on improving the business district to attract not only new businesses but to increase the volume of consumers to those businesses. The end benefit being profitable businesses and increased tax revenue streams for the Borough.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
REQUIRED SUPPLEMENTARY INFORMATION (RSI)
DECEMBER 31, 2018

Borough Budgets (Continued)

The 2018 Electric Fund Budget was equal to \$7,424,049.00. The Borough maintained rates consistent with Borough Codified Ordinance No. 1046 and the rate scale for residential purposes have not been modified since 1997. There were several modifications made to other billing areas and termination of service fees and requirements in relation to the meetings and discussions that took place with the borough's State Representative. The Borough also provided for a stabilized rate adjustment which is assessed to all electric customers. This rate is analyzed and adjusted annually based on recommendations received from Utility Engineers, PC. The Borough acquires electric from American Municipal Power (AMP) and the Borough also has other purchase supply contracts in place. This budget was balanced through the use of prior end of year balance in the amount of \$113,079.00. Borough Council continues to examine those measures where costs can be controlled and decreased.

The Sewage Fund budget was equal to \$2,248,305.00. The Borough operates a State-Of-The- Art Waste Water Treatment Facility and also provides services to the Borough as well as the North Sewickley and Franklin Townships located in Beaver County and parts of Wayne Township in Lawrence County. The Borough last increased user fees in 2015 and remains the lowest of all of the communities served by the Borough Wastewater Treatment facility. The Borough has followed through with the completion of the new Woodside Lift Station which was funded through the Sewage Collection Reserve Fund. This budget was balanced by an end of year balance carryover in the amount of \$100,597.00.

It is the continued mission of the Borough Manager's office to make every effort to maximize the potential of the revenue sources as well as effectively monitor and minimize the expenses of the borough. The borough staff and officials are committed to fulfill this challenge and to responsibly address the needs of the borough in the most effective and efficient way possible.

The Borough's General Fund original and final budget amounts compared with amounts actually paid and received is provided on Page 7 and again in schedules 1 and 2.

BOROUGH OF ELLWOOD CITY RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION **DECEMBER 31, 2018**

Total Fund Balances - Governmental Funds							
Amounts reported for governmental activities in the statement of net position (Exhibit A) are different from amounts reported for governmental funds on the balance sheet (Exhibit C) because:							
Capital assets used in governmental activities are not financial resources, and therefore, are not reported as assets in governmental funds. The cost of assets is \$16,488,069, and the accumulated depreciation is \$10,194,171.							
Property taxes receivable in the statement of net position, which will not be available soon enough to pay for the current period's expenditures (i.e., within 90 days of year-end), are deferred and not recognized as revenue in governmental funds.							
Deferred outflows and inflows of resources related to pensions and OPEB are applicable to future periods and, therefore, are not reported in the funds.							
Deferred outflows of resources related to pensions			2,525,295				
Deferred outflows of resources related to OPEB			9,504 (575,947)				
Deferred inflows of resources related to pensions							
Long term liabilities are not due and payable in the current period, a therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year end consist of:	nd						
Bonds payable - (net)	\$ 6,695,000						
Prepaid bond interest expense	(32,497)						
Accrued interest	16,247						
Net pension liability	5,613,480						
Net OPEB liability	3,525,200		/				
Compensated absences	248,854		(16,066,284)				
TOTAL NET POSITION - GOVERNMENTAL ACTIVITIES (Deficit)		\$_	(801,465)

BOROUGH OF ELLWOOD CITY RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2018

TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS

\$ (1,735,281)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays (\$2,201,106) exceeds depreciation expense (\$580,218).

1,620,888

Proceeds from the sale of Borough assets are reported as revenues in the governmental funds. When Borough assets are disposed the remaining net asset value at the time of disposition in excess of the proceeds received from the fixed asset disposition is reported as a loss on the disposition of assets in the statement of activities.

(330,988)

Governmental funds report pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.

(496,598)

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.

275

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

165,000

Bond insurance costs are reported in governmental funds as expenditures. However, in the statement of activities, these costs are capitalized and amortized over the life of the bond as amortization expense.

(1,176)

Because certain property taxes will not be collected for several months after the Borough's year ends, they are not considered as "available" revenues in the governmental funds. Deferred inflows of resources increased during the calendar year 2018.

25,368

In the statement of activities, certain operating expenses - compensated absences and OPEB - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid). This is the amount by which compensated absences earned exceeded the amount paid.

(1,563)

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES

\$ (754,075)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Borough of Ellwood City was incorporated under the provisions governing the creation of municipal corporations in the Commonwealth of Pennsylvania. Members of Borough Council are elected by the voting public. These Council members have complete authority over the operations and administration of the Borough's activities. The major functions of the Borough include public safety, maintenance of Borough infrastructure (roads), sewer and electric services to residential and commercial customers, conservation and development, maintenance of parks and other recreational facilities for use by Borough residents and general administrative functions necessary to facilitate Borough resident needs and responsibilities.

The financial statements of the Borough of Ellwood City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The most significant of the Borough's accounting policies are as follows:

REPORTING ENTITY

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure the financial statements are not misleading. The primary government of the Borough of Ellwood City consists of all funds, departments, boards and agencies that are not legally separate from the Borough. As defined by GASB Statement No. 14, component units are legally separate entities that are included in the Borough's reporting entity because of the significance of their operating or financial relationships with the Borough. Based on the application of these criteria, the Borough of Ellwood City has no component units.

BASIS OF PRESENTATION

GOVERNMENT-WIDE FINANCIAL STATEMENTS – The statement of net position (Exhibit A) and the statement of activities (Exhibit B) display information about the Borough as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the Borough that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. That is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliations (Exhibits D and F) with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities (Exhibit B) presents a comparison between direct expenses and program revenues for the Borough's business-type activities (sewage fund operations) and for each function of the Borough's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants, subsidies and contributions that are restricted to meeting the operational or capital requirements of a particular program. The Borough allocates the following program revenues under the column 'charges for services' to each functional disbursement category as follows:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

BASIS OF PRESENTATION (Continued)

GOVERNMENT-WIDE FINANCIAL STATEMENTS (Continued)

- General Government Licenses and permits, rents, lien letters, and miscellaneous sales of reports and maps, secretarial services
- Public Safety (Police) Fines and forfeitures, police services, parking meter revenue
- Public Safety (Other) Licenses and permits
- Public Works (Highways) Street permits, snow removal contract fees and other public works charges for services
- Public Works (Parking) Street meters and parking permits
- Culture and Recreation Park and shelter rental fees and concession stand revenue

Revenues which are not classified as program revenues are presented as general revenues of the Borough. General revenue consists mainly of taxes, cable franchise fees, unrestricted grants, and other miscellaneous receipts not earmarked for a specific function. The comparison of direct disbursements with program receipts identifies the extent to which the business-type activity or government function is self-financing or draws from the general receipts of the Borough.

FUND FINANCIAL STATEMENTS – Fund financial statements report detailed information about the Borough. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Major funds represent the Borough's most important funds and are determined based on percentages of assets, liabilities, revenues, and expenditures/expenses. Each major fund is presented in a separate column. In Exhibit C, non-major funds are segregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the source (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses, and changes in fund net position presents increases (revenues) and decreases (expenses) in total net position. The statement of cash flows provides information about how the Borough finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds are reported using the economic resources measurement focus.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FUND ACCOUNTING

The Borough uses funds to report on its financial position and the results of its operations during the year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain Borough functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary and fiduciary. Fund categories are defined as follows:

Governmental Funds – Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Borough's major and non-major governmental funds:

MAJOR GOVERNMENTAL FUNDS:

GENERAL FUND - Established under 'The Borough Code' of the Commonwealth of Pennsylvania and is used for the general operations of the Borough. Income in this fund is derived mainly from assessed revenues such as real estate taxes, local taxes established under Act 511, charges for services, transfers from the Borough's Electric Fund, and other miscellaneous revenues not designated for other restricted fund purposes. These revenues are used for general ongoing government services such as public safety, public works, general administration of the Borough and other miscellaneous operating expenses. As detailed in Schedule 3 and 4, the General Fund includes the activities of the following accounts:

- General Operating Fund
- Police Canine Fund
- Police Youth Fund
- L&N Property Fund
- Recycling Program Fund
- General Capital Reserve Fund
- Economic Development Fund
- Revolving Loan Fund
- Park Improvement Fund

<u>CAPITAL PROJECT FUND</u> (CAPITAL PROJECT) – Established by Borough Council to account for the proceeds from the Borough's General Obligation Bond issues earmarked for capital projects within the Borough.

NON-MAJOR GOVERNMENTAL FUNDS:

<u>HIGHWAY AID FUND</u> (SPECIAL REVENUE) - Established and restricted under Act 655 of the Commonwealth of Pennsylvania. Funding is received from the Commonwealth and is restricted in use for the maintenance, repair and construction of roads, streets and bridges for which the Borough is responsible.

DRUG INVESTIGATION FUND (SPECIAL REVENUE) - Established to account for forfeited drug monies.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FUND ACCOUNTING (Continued)

NON-MAJOR GOVERNMENTAL FUNDS: (Continued)

MARCELLUS SHALE FUND (SPECIAL REVENUE) - Established to account for gas well impact fees received from the Commonwealth of Pennsylvania.

ANIMAL GUARDIAN FUND (SPECIAL REVENUE) - Established to account for donations from private sources to assist in defraying the Borough's animal control costs.

SUMMER FOOD PROGRAM FUND (SPECIAL REVENUE) - Established to account for summer food program revenues received from the Commonwealth of Pennsylvania.

<u>Proprietary Funds</u> - used to account for activities similar to those found in the private sector, where the determination of net income is necessary and useful for sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies within the Borough (internal service funds). The Electric and Sewer Funds are the two proprietary (enterprise) funds maintained by the Borough. Based on the criteria for determining major funds as set forth in GASB Statement No. 34, the Borough's proprietary funds are considered major funds.

<u>Fiduciary Funds</u> – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the Borough under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Borough's own programs. Agency funds are custodial in nature and do not involve measuring income or any other results from operations. The Borough has three pension trust funds (police, fire, and municipal). The Borough does not maintain any other type of fiduciary fund.

BASIS OF ACCOUNTING AND MEASUREMENT FOCUS

The basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements. Business-type activities in the government-wide financial statements and proprietary fund financial statements are prepared using the accrual basis of accounting. Governmental activities in the government-wide financial statements and government funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

Revenue for business-type activities resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Borough, available means expected to be received within sixty days of fiscal year-end.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

BASIS OF ACCOUNTING AND MEASUREMENT FOCUS (Continued)

Revenue resulting from non-exchange transactions, in which the Borough receives value without directly giving equal value in return, includes property taxes, grants and contributions. Revenues from grants and contributions are recognized in the fiscal year in which all eligibility requirements have been satisfied. On a modified accrual basis, revenue from non-exchange transactions must also be 'available' (as previously defined) before it can be recognized.

The management of the Borough of Ellwood City has determined that the revenues most susceptible to accrual at December 31, 2018 are 1) current and delinquent real estate taxes collected within 60 days of calendar year-end 2) certain taxpayer assessed Act 511 taxes (earned income and deed transfer), 3) recycling fee revenues billed to the Borough residents and collected subsequent to December 31, 2018, and 4) other miscellaneous revenues estimable and available to the Borough for 2018 but not as yet collected at December 31, 2018. On the governmental fund financial statements, receivables that will not be collected within the 'available' period have been reported as 'deferred inflows of resources'.

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. The primary expenditures deemed susceptible to accrual at December 31, 2018 are those for which the Borough's intention was to expense these items as budgeted for in the 2018 official budget, and for which the Borough has incurred an obligation during 2018 but has not paid as of December 31, 2018.

Allocations of costs such as depreciation expense, are not recognized in governmental funds but are included as part of expenses in the government-wide statement of activities.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the Borough's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

BUDGETS

In December of 2017, the Borough of Ellwood City adopted its 2018 annual budget for its General Fund totaling \$5,688,335 (General Operating Fund and Recycling Fund combined) in accordance with the provisions of the Commonwealth of Pennsylvania Borough Code. The budget is prepared utilizing the modified accrual method of accounting in accordance with generally accepted accounting principles. Budgetary transfers among various expenditure line items are performed as approved by Borough Council. The adjusted budgetary amounts, if any, are reflected in these financial statements (Exhibit G). All appropriations lapse at the end of each calendar year.

Although not required by Commonwealth Law, the Borough also adopts budgets for other Borough Funds including its Highway Aid (Liquid Fuels) Fund, Capital Project Fund, and Sewer and Electric Utility Funds.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CASH AND CASH EQUIVALENTS

For purposes of the accompanying financial statements, cash and cash equivalents include amounts in demand deposit accounts and all highly liquid short-term investments with original maturity terms of less than three months.

INVESTMENTS

Provisions of the Borough Code authorize the following investments:

- I. Obligations of (a) the United States of American or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (b) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth of Pennsylvania, or (c) of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.
- II. Deposits in savings accounts, time deposits and share accounts of institutions insured by the Federal Deposit Insurance Corporation (FDIC) to the extent that such accounts are so insured and, for any amounts above the insured maximum, provided that approved collateral, as provided by law, is pledged by the depository.
- **III.** U.S. government obligations, short-term commercial paper issued by a public corporation, and banker's acceptances.

In addition to certificate of deposits meeting the maturity term criteria for classification as investments, Governmental and proprietary fund type investments also include funds pooled for investment purposes with the Pennsylvania Local Government Investment Trust (PLGIT). Fiduciary fund type investments include equity securities, fixed income securities, and mutual funds invested by the Borough's designated asset manager – CS McKee through the Huntington Trust. Investments are recorded at fair value.

RECEIVABLES

Utility (sewage, electric and recycling) receivables are reflected at net realizable value as of December 31, 2018. The Borough maintains an allowance for un-collectable accounts for its sewer and electric utilities of \$23,540 and \$16,436 respectively based on management's estimate of past collection experience.

SHORT-TERMINTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as 'due from/to other funds' on the governmental funds balance sheet. For the purposes of the government-wide statement of net position, governmental interfund receivables and payables have been eliminated. Amounts due between governmental activities and business-type activities, if any, are presented as off-setting internal balances on the statement of net position.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CAPITAL ASSETS AND DEPRECIATION

General capital assets are those assets not specifically related to activities reported in proprietary funds. These assets are reported as part of governmental activities on the government-wide statement of net position.

All capital assets are recorded at cost (or estimated historical cost). Donated fixed assets are recorded at fair value at the time of receipt. The Borough maintains a tiered capitalization dollar threshold with a minimum of \$5,000. The cost of infrastructure is included in the government-wide statement of net position. Routine repair and maintenance costs that do not add to the value of the asset or extend its useful life are charged as an expense in the government-wide statement of activities.

All reported capital assets, except land and construction in progress, are depreciated using the straight-line method over the following useful lives:

CATEGORY	USEFUL LIFE
Buildings	20-40 years
Site Improvements	15-30 years
Infrastructure	5-50 years
Equipment	5-20 years
Vehicles	8 years

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Capital assets purchased by governmental funds are recorded as expenditures in the fund financial statements (Exhibit E). The results of capitalizing fixed assets net of depreciation on the government-wide statement of net position and statement of activities, as opposed to recording these same assets as an expenditure in the fund financial statements (Exhibit E), is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

COMPENSATED ABSENCES

The Borough reports compensated absences in accordance with the provisions of GASB Statement No. 16, 'Accounting for Compensated Absences'. Unused vacation, sick and personal days for Borough employees are accrued at their respective hourly rates of pay in accordance with the Borough's various collective bargaining agreements and employment contracts. The entire compensated absences liability of \$337,061 is shown as a long-term liability in the government-wide statement of net position. For governmental fund financial statements, compensated absences are recorded as expenditures when paid rather than accrued when earned.

ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS (Continued)

However, the non-current portion of compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, liabilities that mature or come due for payment within 60 days of the end of the fiscal year-end, are considered to be paid with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements when due. The Borough's General Fund is typically used to liquidate long-term liability obligations.

The results of recognizing these long-term obligations as liabilities on the government-wide statement of net position and statement of activities, as opposed to recording these same obligations as an expenditure in the fund financial statements (Exhibit E) only when paid, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

OPERATING REVENUES AND EXPENSES

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the Borough of Ellwood City, these revenues are sewer and electric usage charges and other miscellaneous revenues directly related to the operations of the Borough's Sewer and Electric Funds. Operating expenses are the necessary costs incurred to operate the Borough's sewer and electric systems. Non-operating revenues of the Boroughs Sewer and Electric Funds consist of investment earnings and rental income. Non-operating expenses consist of interest expense related to the Borough's bond and loan obligations.

UNEARNED REVENUE

Unearned revenue arises when the Borough receives resources before it has legal claim to them. This occurs when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Borough has a legal claim to the resources, the unearned revenue liability is removed and revenue is recognized.

LONG-TERM DEBT FINANCING COSTS

Bond and note issue costs are recorded as expenditures in the governmental or proprietary fund financial statements in the year paid. During the 2018 calendar year, the Borough incurred no bond/note issuance costs.

NET POSITION

Net position is classified into three categories according to external donor or legal restrictions or availability of assets to satisfy Borough obligations. Net position is classified as follows:

Net Investment in Capital Assets – This component of net position consists of capital assets net
of accumulated depreciation, and reduced by the outstanding balances of debt that is attributable
to the acquisition, construction and improvement of the capital assets, plus deferred outflows of
resources less deferred inflows of resources related to those assets.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NET POSITION

- Restricted Net Position –This component of net position consists of restricted assets reduced by liabilities and deferred inflows related to those assets. Restricted net position represents the balance of funds in the Borough's Highway Aid Fund restricted under Act 655 of the Commonwealth of Pennsylvania.
- Unrestricted Consists of net position that does not meet the definition of 'restricted' or 'net investment in capital assets'.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Borough's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

In addition to assets and liabilities, the statement of net position and/or the balance sheet will sometimes report a separate section for deferred outflows and/or inflows of resources. These separate financial statement elements represent a decrease and/or increase in net position that applies to a future period and so will not be recognized as an outflow and/or inflow of resources (expenses/expenditure or income/revenue) in the current period.

FUND EQUITY

In the Balance Sheet – Governmental Funds (Exhibit C), fund balances are reported in specific categories to make the nature and extent of the constraints placed on any entity's fund balance more transparent in accordance with GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance amounts that are not in spendable form (such as inventory) or are required to be maintained intact
- Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and high levels of government), through constitutional provisions, or by enabling legislation. Restricted fund balance represents 1) the balance of funds in the Borough's Highway Aid Fund restricted under Act 655 of the Commonwealth of Pennsylvania, and 2) the balance of funds in the Capital Project Fund from the Borough's General Obligation Bond issue Series of 2016.
- Committed fund balance amount constrained to specific purposes by the Borough itself, using
 its highest level of decision-making authority; to be reported as committed, amounts cannot be
 used for any other purpose unless the government takes the same highest-level action to remove
 or change the constraint.
- Assigned fund balance amounts the Borough intends to use for a specific purpose; intent can
 be expressed by the governing body or by an official or body to which the governing body
 delegates the authority. Assigned fund balance amounts are detailed in Schedule 3 and 5.
- Unassigned fund balance amount that are available for any purpose.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Borough of Ellwood City establishes (and modifies and rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. Council has given authority to the Borough Manager to assign fund balance.

When expenditures/expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the Borough's general policy to spend the committed resources first, followed by assigned amounts and then unassigned amounts.

ADOPTION OF GASB PRONOUNCEMENTS

The requirements of the following GASB Statements were adopted for the Borough's 2018 financial statements. Except where noted, the adoption of these pronouncements did not have a significant impact on the Borough's financial statements.

The GASB issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". The primary objective of this Statement is to address reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments. This Statement replaces the requirements of Statement No. 45. See Note 13 for the effects of implementing GASB Statement No. 75 on the Borough's January 1, 2018 net position.

The GASB issued Statement No. 81, "Irrevocable Split-Interest Agreement". The primary objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement.

The GASB issued Statement No. 85, 'Omnibus 2017'. The primary objective of this Statement is to improve consistency in accounting and financial reporting by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

The GASB issued Statement No. 86, 'Certain Debt Extinguishment Issues'. The primary objective of this Statement is to improve consistency in accounting and financial reporting for certain debt extinguishments and to enhance the decision-usefulness of that information.

PENDING GASB PRONOUNCEMENTS

In November of 2016, the GASB issued Statement No. 83, 'Certain Asset Retirement Obligations'. The primary objective of this Statement is to provide financial statement users with information about 'asset retirement obligations (ARO) that were not addressed in GASB Standards by establishing uniform accounting and financial reporting requirements for these obligations. The provisions of this Statement are effective for the Borough's December 31, 2019 financial statements.

In January of 2017, the GASB issued Statement No. 84, 'Fiduciary Activities'. The primary objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. This Statement also is intended to improve the usefulness of fiduciary activity information primarily for assessing the accountability of governments in their roles as fiduciaries. The provisions of this Statement are effective for the Borough's December 31, 2019 financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

PENDING GASB PRONOUNCEMENTS (Continued)

In June of 2017, the GASB issued Statement No. 87, 'Leases'. The primary objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases; enhancing the comparability of financial statements between governments; and also enhancing the relevance, reliability (representational faithfulness), and consistency of information about the leasing activities of governments. The provisions of this Statement are effective for the Borough's December 31, 2020 financial statements.

In March 9 of 2018, the GASB issued Statement No. 88, 'Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements'. The primary objective of this Statement is to improve consistency in the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements, and to provide financial statement users with additional essential information about debt. The provisions of this Statement are effective for the Borough's December 31, 2019 financial statements.

In June of 2018, the GASB issued Statement No. 89, 'Accounting for Interest Cost Incurred before the end of a Construction Period'. The primary objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and, (b) to simplify accounting for certain interest costs. The provisions of this Statement are effective for the Borough's December 31, 2020 financial statements.

In August of 2018, the GASB issued Statement No. 90, 'Majority Equity Interests (an amendment of GASB Statements No. 14 and No. 61'. The primary objectives of this Statement are to improve consistency in the measurement and comparability of the financial statement presentation of majority equity interests in legally separate organizations and to improve the relevance of financial statement information for certain component units. The provisions of this Statement are effective for the Borough's December 31, 2019 financial statements.

The effects of implementing the aforementioned GASB Statements on the Borough's financial statements have not yet been determined.

NOTE 2 - CASH DEPOSITS AND INVESTMENTS

CASH DEPOSITS:

The following provides a reconciliation between the Borough's December 31, 2018 demand deposit account bank balances and the cash and cash equivalent balances in the financial statements:

Cash and Cash Equivalents per Financial Statements	\$ 7,098,002
Petty Cash	 2,065
Outstanding Checks/Transfers	(239,306)
Deposits in Transit	18,246
Reconciling Items:	
Demand Deposit Bank Balance 12/31/2018	\$ 7,316,997

NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)

CASH DEPOSITS (Continued):

Cash and Cash Equivalents (by Fund) per Financial Statements:

General Fund	\$ 683,793
Capital Project Fund	3,428,230
Non-Major Funds	2,090
Sewer Fund	408,995
Electric Fund	2,574,894
	\$ 7,098,002

The Federal Deposit Insurance Corporation (FDIC) coverage threshold for government account \$250,000 per official custodian. This coverage includes checking and savings accounts, money market deposit accounts, and certificates of deposit. At December 31, 2018, the Borough had certificate of deposit investments totaling \$432,402. This amount is shown as part of investments due to the maturity terms of the individual certificates of deposit.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the Borough's deposits may not be returned to it. The Borough does not have a separate policy for custodial credit risk in addition to the requirements of the Borough Code. As of December 31, 2018, \$7,499,399 of the combined demand deposit bank balance and certificate of deposit totals, is exposed to custodial credit risk as this amount represents uninsured deposits collateralized with securities held by the pledging financial institution or by its trust department or agent, but not in the Borough's name. In accordance with Act Number 72-1971 Session of the Commonwealth of Pennsylvania, the aforementioned deposits, in excess of \$250,000, are collateralized by securities pledged to a pooled public funds account with the Federal Reserve System.

INVESTMENTS:

The fair value and maturity term of the Borough's investments as of December 31, 2018 is as follows:

	Fair Value			No Stated Maturity	1:	12 Months	
Governmental Funds:							
PLGIT	\$	2,362,251	\$	2,362,251	\$	-	
Certificates of Deposit		226,380		-		226,380	
	\$	2,588,631	\$	2,362,251	\$	226,380	
Proprietary Funds:							
PLGIT	\$	2,810,074	\$	2,810,074	\$	-	
Certificates of Deposit		206,022		-		206,022	
	\$	3,016,096	\$	2,810,074	\$	206,022	

NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)

INVESTMENTS (Continued)

		No Stated				
	Fair Value	Maturity	•	1-5 Years	6-10 Years	11-33 Years
Fiduciary Funds:						
Equity Securities	\$ 4,918,447	\$ 4,918,447	\$	-	\$ -	\$ -
Fixed Income Securities	3,693,685	-		1,671,684	1,009,917	1,012,084
Mutual Funds	2,841,414	2,841,414		-	-	-
	\$11,453,546	\$ 7,759,861	\$	1,671,684	\$1,009,917	\$1,012,084

The purpose of the Pennsylvania Local Government Investment Trust (PLGIT) is to enable governmental units to pool their available funds for investments authorized under the Intergovernmental Cooperation Act of 1972. The funds operate in a manner consistent with the SEC's Rule 2(a)7 of the Investment Company Act of 1940. The funds use amortized cost to report net position to compute share prices. These funds maintain net asset values of \$1 per share. Accordingly, the fair value of the position in these funds is the same as the value of these shares. These funds are rated by a nationally recognized statistical rating organization.

Custodial Credit Risk:

For an investment, custodial credit risk is the risk that in the event of failure of the counterparty, the Borough will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The Borough fiduciary fund investments in equity securities and mutual funds, and governmental and proprietary fund investments in PLGIT, are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. The Borough does not have a specific policy that would limit its investment choices to those with certain credit ratings.

Interest Rate Risk:

The Borough has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk:

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Borough has no formal investment policy, in addition to the requirements of the Borough Code and the Intergovernmental Cooperation Act, that limits its investment choices based on credit ratings by nationally recognized rating organizations. As of December 31, 2018, PLGIT was rated AAAm by the Standards & Poors nationally recognized statistical rating organization. Ratings were unavailable for the Borough's fixed income securities at December 31, 2018

NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)

INVESTMENTS (Continued)

Fair Value Measurements:

The Borough of Ellwood City's investments are reported at fair value within the fair value hierarchy established by generally accepted accounting principles. GASB Statement No. 72, Fair Value Measurement and Application, provides a framework for measuring fair value which establishes a three-level fair value hierarchy that prioritizes the inputs to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable (level 3 measurements). The three levels of the fair value hierarchy are described below:

- <u>Level 1</u> Observable inputs that reflect quoted prices for identical assets or liabilities in active markets such as stock quotes
- <u>Level 2</u> Includes inputs other than level 1 inputs that are directly or indirectly observable in the marketplace such as yield curves or other market data
- <u>Level 3</u> Unobservable inputs which reflect the reporting entity's assessment of the assumptions that market participants would use in pricing the asset or liability including assumptions about risk such as bid/ask spreads and liquidity discounts.

The following schedule presents the Investments of the Borough by level within the fair value hierarchy:

	Value		Fair Value Measurements						
		at 12/31/18	Lev	/el 1		Level 2	Lev	el 3	
Equity Securities	\$	4,918,447	\$	_	\$	4,918,447	\$	_	
Fixed Income Securities		3,693,685		-		3,693,685		-	
Mutual Funds		2,841,414		-		2,841,414		-	
	\$	11,453,546	\$	-	\$	11,453,546	\$	-	

Investments held in external investment pools such as PLGIT, and certificates of deposit, are not subject to the provisions of fair value measurements as they are recorded at amortized cost.

NOTE 3 - PROPERTY TAXES

The Borough of Ellwood City levies property taxes March 1st of each calendar year. The calendar dates for payment of these taxes is as follows:

PAYMENT PERIOD

March 1 - May 31, 2018	(Discount period)
June 1 – June 30, 2018	(Face period)
July 1 and after	(Penalty period)

The tax millage assessment for the 2018 calendar year is 8.75 mills on the assessed value of land and buildings, which represents \$8.75 of revenue for every \$1,000 of assessed value. Taxpayers are entitled to a 2% discount if taxes are paid prior to June 1st. Collections after June 30th are assessed a 10% penalty.

NOTE 3 - PROPERTY TAXES (Continued)

Taxes unpaid as of December of the year following levy are liened and collected through the Lawrence County Tax Claim Bureau. As of December 31, 2018, \$155,923 of 2018 real estate taxes are unpaid which represents 7% of the total assessed property taxes for 2018.

For purposes of the governmental fund financial statements, a portion of the total property taxes receivable, although measurable, does not meet the available criteria to finance current fiscal year operations. Accordingly, this amount of \$275,384 is equally off-set as a credit to 'deferred inflows of resources' in the fund financial statements (Exhibit C).

The effect of recognizing property tax revenue when taxes are levied, as opposed to when they are received using the 'measurable and available' criteria under the modified accrual basis of accounting, is reflected in the required reconciliations of fund balance to net position and the changes in fund balances to the changes in net position. Taxes receivable are comprised of the following at December 31, 2018:

Delinquent real estate	\$ 275,384
Current real estate	4,664
Real estate transfer	1,536
Per capita	234
Earned income tax	 164,295
	\$ 446,113

NOTE 4 - ACCOUNTS RECEIVABLE

Accounts receivable, as reflected in Exhibits A and C, consist of the following at December 31, 2018:

Gov	ernmental	Bus	iness-Type
\$	6,355	\$	-
	8,481		-
	4,325		-
	5,890		-
	5,505		-
	2,431		167,999
	9,657		685,470
\$	42,644	\$	853,469
	\$ \$	\$ 6,355 8,481 4,325 5,890 5,505 2,431 9,657	\$ 6,355 \$ 8,481 4,325 5,890 5,505 2,431 9,657

NOTE 5 – LOANS RECEIVABLE

Loans receivable of \$45,816, as reflected in Exhibits A and C, represents the remaining loan balances from two participants of the Borough's Revolving Loan Program at December 31, 2018.

NOTE 6 - ANALYSIS OF INTERFUND TRANSFERS

Interfund transfers for the year ended December 31, 2018 were comprised of the following amounts:

	Tr	ransfers In	Tra	ansfers Out
General Fund	\$	1,575,000	\$	488,256
Debt Service Fund		363,256		-
Proprietary Funds		-		1,450,000
	\$	1,938,256	\$	1,938,256

During calendar year 2018, the Electric Fund transferred \$1,450,000 to the General Fund for the purpose of curtailing property tax increases and to maintain Borough general operations. The General Fund transferred \$363,256 to the Debt Service Fund to pay the principal and interest due on the Borough's General Obligation Bond Issue Series of 2016. In addition, the General Operating Fund transferred \$125,000 to the Capital Reserve Fund, both of which are maintained within the overall General Fund operations of the Borough.

NOTE 7 - CAPITAL ASSETS

GOVERNMENTAL ACTIVITIES

A summary of the governmental fixed asset activity for the 2018 calendar year was as follows:

	Balance			Balance
	1/1/2018	Additions	Deletions	12/31/2018
Land	\$ 342,432	\$ -	\$ -	\$ 342,432
Buildings	3,470,619	19,498	(562,732)	2,927,385
Site Improvements	2,566,306	126,431	(59,469)	2,633,268
Infrastructure	2,365,737	220,742	-	2,586,479

The January 1, 2018 fixed asset balances have been adjusted to reflect updated fixed asset cost and depreciation information from the Borough's most recent industrial appraisal of its fixed asset portfolio (See Note 16).

NOTE 8 – LONG-TERM DEBT OBLIGATIONS – GOVERNMENTAL FUNDS

BONDS PAYABLE - SERIES OF 2016

In November of 2016, the Borough of Ellwood City issued General Obligation Bonds – Series of 2016 in the amount of \$7,080,000 for the purpose of 1) currently refunding all or a portion of the Borough's outstanding General Obligations Bonds, Series B of 2011, 2) purchasing of a fire truck, 3) the acquisition, construction, equipping, furnishing and/or improving of a public works facility, 4) the construction and/or improvement of roads and other capital infrastructure improvements within the Borough (which may include, but not be limited to, the construction and/or improvement of sidewalks, street lighting, traffic signals, and water/sewer/utility lines), and related costs, and 5) funding the costs and expenses related to the issuance of the Bonds. The bonds were issued in denominations of \$5,000 with interest payable semi-annually on February 1 and August 1 at rates ranging between .95 and 3.25%. The bonds provide for early redemption features on or after August 1, 2022. The Bonds are scheduled to mature on August 1, 2046 and are secured by the full faith and taxing power of the Borough.

A schedule of the December 31, 2018 debt service requirements on the General Fund's general obligation bonds are as follows:

Principal	Interest	Total		
\$ 165,000	\$ 194,956	\$ 359,956		
170,000	191,656	361,656		
170,000	188,256	358,256		
175,000	184,856	359,856		
180,000	181,356	361,356		
955,000	847,787	1,802,787		
1,100,000	706,100	1,806,100		
1,270,000	530,400	1,800,400		
1,490,000	313,788	1,803,788		
1,020,000	66,950	1,086,950		
\$ 6,695,000	\$ 3,406,105	\$ 10,101,105		
	\$ 165,000 170,000 170,000 175,000 180,000 955,000 1,100,000 1,270,000 1,490,000 1,020,000	\$ 165,000 \$ 194,956 170,000 191,656 170,000 188,256 175,000 184,856 180,000 181,356 955,000 847,787 1,100,000 706,100 1,270,000 530,400 1,490,000 313,788 1,020,000 66,950		

NOTE 9 - LONG-TERM DEBT OBLIGATIONS - PROPRIETARY FUNDS

BONDS PAYABLE - SERIES OF 2017

In January of 2017, the Borough of Ellwood City issued General Obligation Bonds – Series of 2017 in the amount of \$3,965,000 for the purpose of 1) refunding all or a portion of the Borough's outstanding General Obligations Bonds, Series A of 2011, 2) the acquisition, construction, equipping, furnishing and/or improvement of the Borough's Electric Department Facility, and 3) funding the costs and expenses related to the issuance of the Bonds. The bonds were issued in denominations of \$5,000 with interest payable semi-annually on February 1 and August 1 at rates ranging between 1.30 and 3.45%. The bonds provide for early redemption features on or after August 1, 2022. The Bonds are scheduled to mature on August 1, 2034 and are secured by the full faith and taxing power of the Borough.

NOTE 9 - LONG-TERM DEBT OBLIGATIONS - PROPRIETARY FUNDS (Continued)

The following summarizes the remaining debt service obligation for the Series of 2017 General Obligation Bonds as of December 31, 2018:

Year End				
31-Dec	Principal		Interest	Total
2019	\$ 180,000		\$ 107,485	\$ 287,485
2020	185,000		103,885	288,885
2021	190,000		100,185	290,185
2022	195,000		96,148	291,148
2023	200,000		91,760	291,760
2024-2028	1,070,000		374,512	1,444,512
2029-2033	1,260,000		181,644	1,441,644
2034	280,000	_	9,660	289,660
	\$ 3,560,000	_	\$ 1,065,279	\$ 4,625,279

In connection with the General Obligation Bond issue Series of 2017, the Borough paid \$16,764 in bond insurance premiums which are being amortized on a straight-line basis over the remaining life of the bond issue. The remaining unamortized bond insurance premium as of December 31, 2018 totals \$13,515 and is netted against the long-term portion of bonds payable on Exhibit A for the Borough's business-type activities. Amortization expense for calendar year 2018 totaled \$845.

PENNVEST NOTES

In February of 2006, the Pennsylvania Infrastructure Investment Authority (PENNVEST) approved a \$17,989,500 loan to the Borough of Ellwood City for the purpose of improvements to the Borough's wastewater treatment system. The terms of the note call for monthly principal and interest payments totaling \$68,586.98 with interest an interest rate of 1%. The loan is scheduled to mature on December 1, 2032.

In February of 2006, the Pennsylvania Infrastructure Investment Authority (PENNVEST) approved a \$970,500 loan to the Borough of Ellwood City for the purpose of improvements to the Borough's wastewater treatment system. The terms of the note call for monthly principal and interest payments totaling \$3,776.22 with interest an interest rate of 1%. The loan is scheduled to mature on December 1, 2032.

A schedule of the December 31, 2018 remaining debt service requirements on the Borough's PENNVEST note obligations are as follows:

Year End				Total		
31-Dec	Principal	Principal Interest		Principal		TOTAL
2019	\$ 718,850	\$	39,578	\$ 109,930	\$ 868,358	
2020	726,072		39,976	102,311	868,359

NOTE 11 - BOROUGH PENSION PLANS

PLAN DESCRIPTIONS

The Borough of Ellwood City administers three single-employer defined benefit pension plans as follows:

- Police Pension Plan
- Firemen's Pension Plan
- Municipal Pension Plan

The pension plans were established under the provisions of the Borough Code of the Commonwealth of Pennsylvania. The plans are governed by the Borough of Ellwood City Council, who is responsible for the management of plan assets. The Borough Council has delegated the authority to manage plan assets to CS McKee through the Huntington Trust.

NOTE 11 - BOROUGH PENSION PLANS (Continued)

PLAN MEMBERSHIP

Plan membership as of January 1, 2019 was comprised of:

	POLICE	FIREMENS	MUNICIPAL
Active employees	7	1	20
Retirees and beneficiaries currently receiving benefits	21	4	29
Terminated employees entitled to benefits			
but not yet receiving them	0	0	2
Total	28	5	51

PLAN PROVISIONS

POLICE PENSION PLAN:

PARTICIPANTS -	All full-time policemen of the Borough.
ELIGIBILITY -	Normal: Age 50 and 25 years of service.

<u>DROP</u> - Participants are eligible to participate in the DROP at age

50 with 25 years of service. The DROP period is one to

four years.

BENEFITS - A monthly benefit equal to 50% of final 36 months average

compensation at retirement plus service increment of \$100

per month if service exceeds 25 completed years.

DEATH BENEFIT - **Post-retirement:** 50% of pension participant was receiving

or would have been receiving had he been retired at death, payable to spouse until death or to children under age 18

or age 23 if attending college.

Pre-retirement: 50% of accrued benefit payable beginning at normal retirement age to spouse until death or children

under age 18 or age 23 if attending college.

DISABILITY BENEFITS - Service related: Monthly pension equal to 50% of salary at

disability less Social Security disability benefits. The arbitration award dated May 17, 2006 removed the offset

for future disability retirees.

VESTING - A participant shall be entitled to a vested deferred benefit

after 12 years of service. Participants who terminate before 12 years of service are entitled to a return of

contributions plus 3.5% interest.

COST OF LIVING BENEFIT - The monthly benefit after normal or disability retirement will be

increased annually based on the Consumer Price Index. The maximum total increase is 30% of the original monthly benefit.

The arbitration award dated May 17, 2006 removed the

maximum increase for future disability retirees.

NOTE 11 - BOROUGH PENSION PLANS (Continued)

PLAN PROVISIONS (Continued)

POLICE PENSION PLAN (Continued):

FUNDING - Employee are required to contribute 3.5% of covered payroll to

the plan. The Borough's contributions are to be determined by the actuary. The Borough's contribution for 2018 was \$501,740.

DROP TERMS - The plan offers a DROP with the following provisions:

Term: 1 to 4 years

Minimum interest rate: 0% per year Maximum interest rate: 4.5% per year

DROP account assets are not segregated from the general assets of the Plan. Upon the end of the DROP period, a lump sum of the

accrued account balance shall be paid to the

Participant.

PLAN CHANGES - For participants hired after 9/19/2018, normal retirement eligibility is

age 55 and 25 years of service.

FIREMEN'S PENSION PLAN:

PARTICIPANTS - All full-time firemen of the Borough.

ELIGIBILITY - **Normal:** Age 46 and 21 years of service.

BENEFITS - A monthly benefit equal to 50% of final 36 months average

compensation at retirement. In addition to the Normal Retirement Pension, the participant receives a lumpsum benefit consisting of a refund of ½ of accumulated employee contributions plus 3% interest payable at normal

retirement only.

DEATH BENEFIT - **Post-retirement** – 50% of pension participant was

receiving or would have been receiving had he been retired at death, payable to widow until death or remarriage or to children until age 18. Any benefits to children will be paid for a maximum of 96 months from the retiree's original

benefit commencement date.

DISABILITY BENEFIT - Service related: Monthly pension equal to 50% of final 36

months average compensation.

NOTE 11 - BOROUGH PENSION PLANS (Continued)

PLAN PROVISIONS (Continued)

FIREMEN'S PENSION PLAN (Continued):

TERMINATION - Participants shall be entitled to a return of accumulated

employee contributions plus 3% interest. In lieu of the return of employee contributions with interest, a participant with 10 years of service shall be entitled to a vested deferred benefit equal to 50% of final 36 months average compensation multiplied by a fraction equal to service to termination divided by projected service to normal

retirement date.

FUNDING - Employees are required to contribute 5% of covered payroll to

the plan. The Borough's contributions are to be determined by the actuary. The Borough's contribution for 2018 was \$41,568.

There have been no significant changes to the Firemen's Pension Plan provisions since the prior valuation report date January 1, 2017.

MUNICIPAL PENSION PLAN:

PARTICIPANTS - All full-time non-uniformed employees of the Borough.

ELIGIBILITY - **Normal**: All participants are eligible for retirement benefits

provided that they have attained the age of 65 or

completion of 20 years of service. Non-union participants hired before December 29, 1997 may retire at the earlier of 1) age 65 or completion of 20 years of service or 2) age 60 and 15 years of service. For the period January 31, 2009 through March 31, 2009, union participants were permitted to retire after either attaining age 65 or completing at least

17 years of service.

Early: 20 years of service or 15 years of service if nonunion. Accrued benefit reduced by ½% per month commencement precedes normal retirement date.

BENEFITS - Monthly benefit equal to 1.3% or highest 36 months

average compensation at retirement multiplied by service. Those participants who contributed an extra 1% until January 5, 1998 receive an additional benefit determined by accumulating the extra 1% contributions with interest to retirement and calculating the actuarial equivalent annuity.

NOTE 11 - BOROUGH PENSION PLANS (Continued)

PLAN PROVISIONS (Continued)

MUNICIPAL PENSION PLAN (Continued):

DEATH BENEFIT - **Post-Retirement**: 100% of pension participant was

receiving or would have been receiving had he been retired at death, payable to beneficiary. This benefit is payable for a maximum of 96 months from the original benefit

commencement date.

<u>DISABILITY BENEFIT</u> - Accrued benefit for participants who are at least age 50 with 15

years of service.

TERMINATION - Participants shall be entitled to a vested deferred benefit after 10

years of service. Participants who terminate before 10 years of service are entitled to a return of contributions plus 3.5%

interest.

FUNDING - Employees are required to contribute 1% of covered payroll to

the plan. The Borough's contributions are to be determined by the actuary. The Borough's contribution for 2018 was \$219,819.

There have been no significant changes to the Municipal Pension Plan provisions since the prior valuation report date January 1, 2017.

FUNDING REQUIREMENTS

The employer follows the funding policy prescribed by Act 205 of 1984 (as amended), which requires that annual contributions be based upon the Minimum Municipal Obligation (MMO) using the plan's most recent biennial actuarial valuation. The MMO includes the normal cost, estimated administrative expenses and an amortization contribution of the unfunded actuarial liability, less estimated member contributions, and a credit equal to 10% of the excess (if any) of the actuarial value of assets over the actuarial accrued liability. The state provides an allocation of funds which must be used for pension funding. Any financial requirement established by the MMO which exceeds state contributions must be funded by the employer.

Administrative costs, which may include but are not limited to investment management fees and actuarial services, are charged to the Plans and funded through the MMO and/or plan earning.

PENSION PLAN INVESTMENT POLICY

The purpose of the Investment Policy Statement (IPS) is to set forth the objectives, policies, and guidelines for the investment of the assets of the Borough's Police, Firemen's, and Municipal Pension Plans. The retirement board reserves the right to establish or amend any or all portions of the IPS.

NOTE 11 - BOROUGH PENSION PLANS (Continued)

PENSION PLAN INVESTMENT POLICY (Continued)

The IPS defines target allocations for the plan assets according to the following schedule:

	Target
Asset Class	Allocation
Fixed Income	40.0%
Equities	60.0%
Cash and Equivalents	0-6%
Leeway (except cash)	10.0%

As of the current year, the investment manager's stated target allocations within these guidelines are as follows:

	Target
Asset Class	Allocation
Fixed Income	40.0%
Domestic Equity	48.0%
International Equity	12.0%
Cash	0.0%

In order to reach an appropriate level of diversification, the fund shall not invest more than 8% in an individual security or more than 15% in an individual industry. The portfolio may hold the following bond classes: US Treasury, mortgage-backed, asset-backed, agency, and corporate securities. All bonds must be rated investment grade by Moody's and/or Standard & Poors.

LONG-TERM EXPECTED RATE OF RETURN ON INVESTMENTS

The long-term expected rate of return on pension plan investments was determined using a building-block method in which a best-estimate of expected future real rates of return is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation are summarized as follows:

NOTE 11 - BOROUGH PENSION PLANS (Continued)

LONG-TERM EXPECTED RATE OF RETURN ON INVESTMENTS (Continued)

	Target	Long-Term Expected	Weighted Return
Asset Class	Allocation	Real Rate of Return	By Asset Class
Fixed Income	40%	4.50%	1.80%
Domestic Equity	48%	8.50%	4.08%
International Equity	12%	8.75%	1.05%
Cash	0%	0.00%	0%
	6.93%		
Long-term Rate of Re	ents Assumption Used	7.00%	

There has been no change to this assumption since the last report.

DISCOUNT RATE

The discount rate used to measure the total pension liability is 7.0%. The projection of cash flows used to determine the discount rate assumed that plan member contributions would continue at the current rates, expenses would continue at their current level, and that the employer would contribute the Minimum Municipal Obligation in the future. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through the lifetime of the plan.

The long-term expected rate of return on pension plan investments is applied to all periods of projected benefit payments where assets are available. For periods of projected benefit payments where assets are insufficient to meet the benefit payments, an average 20-year municipal bond rate for bonds rated Aa and above as of December 31, 2018 of 4.10% is applied. A single-level discount rate is determined that is equivalent to the two individual rates used to discount cash flows. Since assets are projected to cover all future benefit payments, the long-term expected rate of return on pension plan investments of 7.0% is used as the discount rate. The rate used to discount liabilities has not changed since the last report.

DISCOUNT RATE SENSITIVITY

The following presents the net pension liability of the Borough of Ellwood City's police, firemen's, and municipal pension plans, calculated using the discount rate of 7.0%, as well as what the Borough's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.0%) or 1 percentage point higher (8.0%) than the current rate:

NOTE 11 - BOROUGH PENSION PLANS (Continued)

SIGNIFICANT ACTUARIAL ASSUMPTIONS

Assumptions and methods used in the calculation of the Borough of Ellwood City's net pension liability and pension expense are listed below. Total pension liability was based on census data as of January 1, 2019. Unless otherwise noted below, all other assumptions are the same as those detailed in the most recent actuarial valuation report:

- Measurement Date December 31, 2018
- Actuarial Valuation Date January 1, 2019
- Actuarial Cost Method Entry Age Normal (Level % of Salary)
- Investment Rate of Return 7.0%
- Projected Salary Increases 5.0%
- Cost of Living Adjustments 4% (Police and Firemen) None (Municipal)
- Mortality Table RP 2014 Fully Generational Mortality Table with Mortality Improvement MP-2018 from 2006.
- Employee Termination Crocker Sarason Straight T-1 rates (Police and Municipal) None (Firemen)
- Retirement 100% at age 50 with 25 years of service (Police hired on or prior to 9/19/2018), 100% at age 55 and 25 years of service (Police hired after 9/19/2018), 100% at age 46 or 21 years of service (Firemen's), 100% at age 65 or 20 years of service (Municipal).
- Disability 100% of 1964 OASDI Table, assuming 2/3rds are service related (Police), None (Firemen's), 100% of 1964 OASDI Table (Municipal)
- Asset Valuation Method Market Value of Assets

NOTE 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION

Plan Description

The Borough of Ellwood City administers a single-employer defined benefit healthcare plan (the Plan). The Plan provides for post-employment health care benefits to all eligible employees per the terms of the Borough's various collective bargaining agreements. The Borough of Ellwood City provides eligible retires and their spouses with medical, prescription drug, dental, vision and life insurance benefits until the retiree reaches age 65. Additionally, the retiree is provided a Medicare supplement upon attaining Medicare eligibility, lasting for the remainder of their life. Retirees pay 20% of the premium until age 62, after which the Borough pays the entire cost. No spouse benefits are provided after the retiree attains age 65. Additionally, no spouse benefits (at any age) for participants hired after September 19, 2018. Retirees are also eligible for a \$5,000 life insurance benefit at no cost to them. Spouses are not eligible for any life insurance benefit. Some retirees receive a lesser amount of life insurance coverage, as provided by the data.

Funding Policy

The contribution requirements of plan members and the Borough are negotiated between the Borough and the union representatives of the Borough's various collective bargaining agreements. The plan is funded on a pay-as-you-go basis, i.e. premiums are paid to fund the health care benefits provided to current retirees. There are no assets that have been segregated and restricted to provide for retiree medical benefits.

Participant Data

The Borough's total OPEB liability of \$3,525,200 was measured as of December 31, 2017, and was determined by an actuarial valuation performed as of January 1, 2018. As the Borough's OPEB Plan is unfunded, the total OPEB liability is equal to the net OPEB liability. The January 1, 2018 valuation reflected the following participant data and corresponding total OPEB liability:

NOTE 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

Participant Data (Continued)

	PARTICIPANT DATA
Active employees	12
Retirees (with medical coverage)	10
Spouses (with medical coverage)	4
Retirees (without medical coverage)	1
Total	27

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The Borough's total OPEB liability of \$3,525,200 was measured as of December 31, 2017, and was determined by an actuarial valuation performed as of January 1, 2018. The January 1, 2018 valuation reflected the following change in total OPEB liability:

Balance at December 31, 2017	\$ 3,436,298
Changes for the year:	
Service cost	111,945
Interest	103,672
Changes of benefit terms	-
Differences between expected and	
actual experience	-
Changes in assumptions or other inputs	-
Benefit payments	(126,715)
Net Changes	88,902
Balance at December 31, 2018	\$ 3,525,200

For the year ended December 31, 2018, the Borough of Ellwood City recognized approximate OPEB expense of \$215,617. At December 31, 2018, the Borough reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	 red Outflows Resources	Deferred Inflows of Resources		
Recognition of Prior Post- Measurement Date Contribution Benefit Payments subsequent to the	\$ (126,715)	\$ -		
Measurement Date	136,219	-		
	\$ 9,504	\$ -		

NOTE 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

The \$9,504 amount reported as deferred outflows of resources related to OPEB resulted from the Borough's contributions subsequent to the measurement date will be recognized as a reduction in the net OPEB liability for the measurement year ended December 31, 2018

The amount reported as deferred inflows/outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Measurement Date	Reporting Date		
Year ended	Year ended	Amo	ortization
December 31	December 31	A	mount
2018	2019	\$	9,504
2019	2020		-
2020	2021		-
2021	2022		-
2022	2023		-
Thereafter	Thereafter		_

Actuarial Assumptions and Other Inputs to Calculate the Total OPEB Liability

- Actuarial Valuation Method Entry Age Normal (Level % of Salary)
- Amortization Period 20 years (closed)
- Discount Rate 3.03% Based on S&P Municipal Bond 20-Year High
- Projected Salary Increases 3%
- Mortality Rates RP 2000 Projected 20 2018 using Scale AA
- Medical Trend was changed to 7.5% grading to 5% over 10 years.
- Withdrawal Rates T-1 Termination Rates Unisex
- Disability Rates 1984 OASDI Table
- Marital Status 100% of the active employees are assumed to be married at the time of retirement. A
 three-year age difference is assumed (with males older). For retirees, actual ages were used. After
 age 62, coverage is provided at no cost to the retiree and spouse until the retiree reaches age 65.
 After age 65, coverage is provided at no cost to the retiree

<u>Sensitivity of the Total OPEB liability to Changes in the Discount Rate and Healthcare Cost</u> Trend Rates

Sensitivity data was provided starting with the January 1, 2019 actuarial valuation and will be presented for the reporting period ended December 31, 2019.

NOTE 13 – RESTATEMENT OF NET POSITION

For the year ended December 31, 2018 the Borough implemented GASB 75, *Accounting and Financial Reporting for Postemployment Benefits other Than Pensions*. The implementation of Statement No. 75 resulted in the reporting of a deferred post-employment outflow of resources, post-employment liability and deferred post-employment inflow of resources related to the Borough's other post-employment benefit plans.

Accordingly, the Borough's governmental activities net position as of January 1, 2018 was restated as follows:

	TOTAL
NET POSITION AS PREVIOUSLY REPORT - 12/31/2017	\$ 3,695,650
Net OPEB Liability Previously Reported	(74,264)
Net OPEB Liability Adjustment	(3,362,034)
NET POSITION AS RESTATED - 12/31/2017	\$ 259,352

NOTE 14 - RISK MANAGEMENT

The Borough of Ellwood City is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims for these risks, if applicable, have not exceeded commercial insurance coverage for the past three years.

NOTE 15 - CONTINGENT LIABILITIES

LEGAL MATTERS

The Borough of Ellwood City, in the normal course of operations, is party to various legal matters normally associated with municipalities such as real estate tax assessment appeals, personnel wage and benefits, and other miscellaneous legal matters. As of December 31, 2018, the Borough is unaware of any pending litigation that would be material to the financial position of the Borough.

STATE FUNDING

The Borough of Ellwood City's state and federally funded programs, including its pension funds, are subject to program compliance audits by various governmental agencies. The audit scopes of these program compliance audits are different than the scope of financial audits performed by an outside, independent certified public accounting firm. The Borough is potentially liable for any expenditure disallowed by the results of these program compliance audits. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

BOROUGH OF ELLWOOD CITY NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

NOTE 16 - PRIOR PERIOD ADJUSTMENTS

The prior period adjustment of \$5,702,120 to the January 1, 2018 net position of the Borough of Ellwood City (Exhibit B) represents adjustments to reflect updated fixed asset cost and depreciation information from the Borough's most recent industrial appraisal of its fixed asset portfolio. The prior period adjustment for the Borough's governmental activities and business-type activities was \$306,742 and \$5,395,378 respectively.

NOTE 17 – SUBSEQUENT EVENTS

The Borough is not aware of any subsequent events after December 31, 2018 and through the May 24, 2019 date of the financial statements that would require recognition or disclosure in the financial statements.
