Dive into FREE Swim Instruction

Summer and swim lessons: They go hand in hand. As soon as school is out, kids are clamoring to get in the water for fun, exercise and break from the heat. But learning to swim is also a valuable life skill. Throughout these series of sessions, instructors will teach children to feel confident in the water and teach them maneuvers that one can use if they unexpectedly find themselves submerged and in a drowning situation. Classes are appropriate for beginner swimmers from ages 3 and up. Instruction is for first time beginner learn to swim.
